

BASINGSTOKE
COLLEGE of
TECHNOLOGY

BCoT

Western Cuisine and English Language Skills

Improve your English and learn western cookery skills.

Technical Courses at BCoT for Jiangsu Food and Pharmaceutical Science College Students

Opportunity to visit us

We are offering students from China the chance to spend either two, seven or twelve weeks with us here in Basingstoke, to develop their cookery skills and to experience life and culture in the UK. These courses are suitable for students majoring in western cookery or who just want to learn more. They would also be suitable as a student exchange programme.

In addition to the technical training, there will be English Language tuition and a programme of visits including trips to London, historic Oxford and Windsor Castle. There will also be the opportunity to enjoy sporting and social activities in the College. Please see the programme on the back for more details.

BCoT

Basingstoke College of Technology (BCoT) is a friendly and welcoming College based in the south of England. We hold 'Highly Trusted' status from the UK Border Agency and offer excellent support to international students.

The College is based near the centre of Basingstoke, an old market town, with excellent transport links to London and sites of historic interest. Basingstoke has a great sense of community and is a safer place to live than London and many of the UK's larger towns and cities.

BCoT has excellent facilities on site, including a gym, a well-stocked Learner Resources Centre and several places to eat and relax. We also offer discount hair and beauty treatments in our professional salons.

How to apply

First, talk to your tutor at Jiangsu Food and Pharmaceutical Science College; they will be coordinating the dates of the trip with BCoT and will be able to reserve your place. We will also expect some of your own teachers to accompany you on this trip. (Additional funding for this trip may be available from your own college.)

You will be met by BCoT staff at your UK airport on arrival and escorted to the College, where you will be introduced to the local

family you will stay with.

We understand that it is appropriate for Chinese students wishing to join this trip to apply for a 6 month Study Visa, which allows you to complete this course with us. The current cost for a standard 6 month Study Visa is £83. You can apply up to three months in advance of your trip and you should get a decision within three weeks. To check the latest Visa information and to apply, please go to: www.gov.uk/study-visit-visa
