

BA (Hons): Textiles for Fashion

If you are an independent and forward thinking student who wishes to bring innovation and flair to the industry, this course is for you. Discover and explore ways of working using knitted, woven and printed textiles and how to apply them to your fashion designs. Learn to design and make your own fabrics and garments through which to express your individuality and innovation.

You will have access to our specialist workshop facilities for knit, print, weave and fashion to develop your skills and creativity.

There are opportunities to go on study trips to Venice and Paris (subject to visa requirements and additional costs).

This course requires an IELTS score of 6.0
3 year course – Cost: £6200 per year
